ARRIVAL PROCEDURES BAGGAGE CLAIM AND CUSTOMS

After Passport Control, you should collect your luggage at baggage claim and proceed through Customs. If you have lost luggage, please contact the airline and their lost luggage office at the airport, which is located within the baggage claim area. It is the airline's responsibility to return your luggage to you. You must complete a Lost or Damaged Luggage Report and receive a contact telephone and file number before leaving the airport. Please alert your Tour Manager immediately, as they will assist in contacting the airline and tracking your luggage. As transfers are included on scheduled program dates, or if you have secured additional pre- or post-cruise nights with **Transcend Cruises**, please collect your luggage, pass through customs, and watch for the Transcend Cruises sign in the Arrivals Hall. If you are arriving early, departing late following the sailing, or have not provided your flight details, and to secure needed transportation with BearCruise.com please email us at Al@BearCruise.com

HELPFUL CALLING INFORMATION

Calling Europe from the US and Canada:

1. Dial the US/CAN long-distance code 011
2. Dial the country code (such as 41 for Switzerland)
3. Dial the area code (drop the leading zero)
4. Dial the number

For example, to dial a Swiss phone number, such as 061 639 6080, you dial the following: 011 41 61 639 6080

Calling the US and Canada from Europe:

1. Dial the European long-distance code 00
2. Dial the country code (1 for the US and Canada, 44 for the UK)
3. Dial the area code and number

Why is a Plus Sign (+) at the Start of the European Phone Number?

European phone numbers are frequently written in the format +44 07981 555555. The plus indicates you must dial your long-distance code first (in the US or Canada, the code is 011, in Europe it is 00).

TRAVEL INFORMATION & TIPS

PREPARATIONS FOR YOUR JOURNEY

ATTIRE

Attire aboard The Gentleman during the day is casual: jeans, shorts, polos, or similar, and comfortable sneakers. As a side note, staterooms are individually climate-controlled, and all public areas are kept to a comfortable temperature. While touring, we suggest layering by starting or ending the day with a windbreaker as needed, then shedding this mid-day as the temperatures warm throughout the day. Also, as you'll be entering/exiting climate-controlled spaces while touring, you'll want the ability to add or subtract layers to remain comfortable easily. We suggest a rain jacket, and the ship has umbrellas onboard for guests to use while touring.

Evenings onboard are casually elegant. Jackets, ties, or formal wear are not required. Collared shirts or similar, dress pants or dark jeans, and dress shoes are preferred. Shorts, flip-flops, and tank tops are prohibited in any dining venue.

Passports & Visas

A passport is required to sail aboard The Gentleman. Please ensure it is valid for at least six months after you return home. It is your responsibility to ensure the validity of your passport and that it contains all required visas. Please check your itinerary carefully and consult the appropriate government's website to determine if any visas are needed. This also applies to vaccination and testing requirements, which may change with little advance notice. We recommend photocopying the photo page of your passport, airline tickets, driver's license, and

birth certificate to expedite replacing any documents lost while traveling. Keep the originals separate from the copies and pack two extra passport photos. Another option is to take pictures with your smartphone of these items and store them in a dedicated album for this trip, then delete them upon your return home. Please also fill out the “Emergency Next of Kin” section in your passport (in pencil).

Tips for Long Flights

Wear loose-fitting clothing and comfortable shoes. Avoid caffeine, alcohol, and carbonated drinks, and drink plenty of water to stay hydrated. Alleviate ear pressure by chewing gum, yawning, swallowing, or gently blowing your nose. Periodically walk the aisle to stretch your legs and get blood circulating. You can also do a few isometric exercises while seated. Try to sleep during your overnight flight – an eye mask, noise-canceling headphones, and a light sweater may help you be more comfortable and rest, as long-haul flights tend to get chilly. Avoid wearing contact lenses during your flight, as recirculated cabin air tends to dry them out.

Airport Security and Check-in

You should be at the airport three hours before international and two hours before domestic flights. This allows enough time to check your baggage, present your passport, confirm seat assignments and boarding passes, and clear security procedures before proceeding to the boarding area. Most airlines offer online check-in 24 hours before departure, which can help you avoid long lines once at the airport. If permitted, this is also a chance to request seating assignments or buy an (optional) upgrade if available. Airport security regulations require that sharp objects of any kind be stored inside your checked luggage, not in your carry-on bag. You may be asked to put your shoes and/or coat through an X-ray scanner, so be prepared to remove them.

TSA Secure Flight Program

The Transportation Security Administration (TSA) requires all passengers to provide Secure Flight passenger data when reserving airline travel. This includes your full name, date of birth, and gender as it appears on non-expired government-issued travel documents (e.g., passport, re-entry permit, alien registration card, “green card,” photo ID, etc.). Any missing or incorrect information can cause unnecessary delays at the airport. If you reserved your airline tickets through, please refer to your local transportation authorities for more information.

Late or Missed Flights

If you miss a flight, immediately advise an airline representative that you are a cruise guest bound for a specific location/date/time to meet your ship. If your flight is canceled, await instructions from the airline regarding alternate travel arrangements. Typically, airlines will do everything in their power to get you on the next available flight. Once you know your new flight information, please call the emergency contact number listed in this travel document.

Travel Protection Insurance

We strongly recommend purchasing travel protection insurance to reimburse for applicable pre-trip cancellation penalties and health coverage while traveling abroad. Remember that U.S.-based health policies (and Medicare) cover little or no medical costs while traveling abroad. If you purchased travel protection insurance, please write down important information such as the insurance company's telephone number and policy number, and bring a hard copy of the insurance binder provided by the carrier.

Baggage

International air carriers are often very strict about baggage and carry-on luggage size and weight. Please contact your air carrier or visit its website for specific requirements before your departure, as size and weight limitations vary according to the airline and destination. It is also essential to check European domestic flight regulations, as they vary. Passengers on international flights are usually allowed one piece of checked luggage and one carry-on bag per person. Some airlines limit each checked bag to 62 linear inches (158 linear cm, length + width + height) and 50 lbs (23 kg). Your carry-on should not exceed 22 x 14 x 9 inches (55 x 35 x 22 cm) or weigh more than 17 lbs (8 kg). International air carriers may impose fees for baggage that is too large or heavy and/or require you to remove specific articles to meet weight restrictions.

Note: Please check airline websites for specific baggage weight, baggage size, carry-on regulations, and excess or overweight baggage charges for all your flights (both international and intra-Europe). Important: Transcend Cruises is not responsible for any additional fees imposed by air carriers. In addition, during your cruise and when traveling by motorcoach, storage space may be limited, and porters may decline to carry extra-heavy suitcases for health and safety reasons.

We recommend bringing only one suitcase and one carry-on bag per guest. We also suggest putting your contact information, such as your name, cell phone number, and email, as well as the hotel and/or ship contact information inside your bags, just in case they are delayed.

Delayed Baggage

Baggage can sometimes be delayed during air transport. Pack medications and a change of clothing in your carry-on bag. Place a copy of the hotel and ship contact info inside each piece of checked luggage, as this will help the airline locate you should your bags be delayed. Please note that the airline is responsible for delivering delayed bags to you. Claims for reimbursement for delayed luggage should be submitted directly to the airline. Fill out a claim form at the appropriate airline desk before leaving the airport. If you need assistance later regarding your delayed luggage, please ask your Tour Manager to contact the airline for information.

HEALTH & WELL-BEING

Enhanced Health & Safety Protocols

Our teams are experienced with enhanced health and safety protocols and are ready and eager to welcome you safely onboard. As always, our crew will be on hand to take care of all the details so you can relax and enjoy your much-anticipated river cruise journey.

Physical Requirements

Your daily program throughout this journey is as varied and active as you want it to be. Cruising days provide ample opportunities to relax on board, enjoy enrichment talks or presentations, and featured entertainment. At the same time, shore excursions require moderate walking, often along Europe's uneven cobblestone streets, inclines, and stairs. The Gentleman has an elevator that accesses Decks 1, 2, and 3 and a chairlift from Deck 3

to the Sun Deck (Forward). There are no designated accessible staterooms aboard The Gentlemen, and guests must be able to embark or disembark motorcoaches while touring with minimal assistance. Wheelchairs are restricted to the ship's reception area and are not permitted in guest staterooms, the dining room, or the lounge.

Medical Conditions

Please advise us before your departure date if you have any medical conditions requiring special attention during your journey.

Special Diets

If you have advised us before your departure date of any special dietary requirements you may have (e.g., vegetarian, lactose-free, gluten-free, etc.), these details will be communicated to the culinary team before your arrival. Every effort will be made to accommodate your request with our available resources. Upon embarkation, we invite you to discuss any specific restrictions or dietary requirements further with our Culinary Team.

TRAVEL MONEY TIPS

ATM (Automated Teller Machine)

Our ship does not have a cash machine, but ATMs are widely available throughout Europe and are accessible while docked. Please bring your PIN code for your card(s). Before your departure, we recommend notifying your issuing bank of your travel plans so that they can inform you of any applicable foreign transaction fees and/or restrictions.

Credit Cards

Most European shops, hotels, and restaurants accept major credit cards (Visa/MasterCard/American Express). Please ensure your credit cards are valid for at least 30 days after you return home and activate them before you travel. Some places may require a

minimum charge for using credit cards, and others may not accept certain cards, so it's best to bring more than one. As with your ATM card, we recommend informing your credit card company that you will be traveling abroad, so they can expect overseas charges on your account. Note: We recommend you bring a chip-style credit card and memorize your PIN, as most European countries use chip-and-pin credit cards. Cards with magnetic strips on the back (commonly used in North America) are used less frequently and may not work. You might want to carry some extra cash in your wallet to use in these situations, just in case..

Settling Your Bill On Board

The day before your river cruise ends, you will receive an invoice for any onboard charges you may have incurred. Please review it carefully before settling your bill. All onboard charges will be in Euros, payable with cash (Euros) or a credit card (Mastercard or Visa only - American Express is not accepted). Prepaid charge cards are not accepted. Your credit card company will convert your onboard charges into your home country's currency at the current exchange rate, and service fees may apply. Your onboard charges will be referenced as *"Quality River Catering 4 Ltd"* on your credit card statement.

TRAVEL ESSENTIALS

Your Essential European River Cruise Packing Guide.

Our best advice is, "If in doubt, leave it out." Adopt a simple color scheme for your travel wardrobe to reduce the required clothing. Pack wrinkle-resistant, easy-care cotton/polyester clothing and bring enough underwear and socks so frequent laundry is unnecessary. You may wish to bring a casually elegant outfit and something a little dressier to wear to the Welcome or Farewell Dinner. Bring comfortable walking shoes for shore excursions and one pair of dressier shoes.

At this time of year, you may experience varying temperatures throughout the day and be indoors and out while onboard, so layering is advisable. Bring a water-resistant windbreaker, and our shipboard team will provide you with umbrellas for touring.

Carry-On Luggage

Prepare your carry-on luggage with the necessary essentials. Our suggestions for what to pack:

- Toothbrush, toothpaste, deodorant, comb or hairbrush, razor, eyeglasses
- Hand sanitizer, tissues, and antibacterial wipes
- Medications for upset stomach, prescriptions, aspirin, antiseptic cream, cold medicine, vitamins, and bandages. Prescription eyeglasses or contact lenses
- Plug adapters, chargers, and power cords
- Travel-size umbrella
- Camera and extra memory cards

Note: Current airport security regulations require that any liquids and semi-liquids (e.g., lotions, gels, etc.) stored in your carry-on bag **MUST** be in a container no larger than 3.4 oz. (100 ml) and fit into a clear quart-sized plastic bag. TSA personnel may confiscate any items exceeding this limit. For more information, please contact your local transportation authorities.

Necessary: Pack a sufficient supply (including two weeks beyond your planned return) of any medications you are taking, copies of the prescriptions, and your doctor's telephone/email. Some countries require prescription drugs to be carried in their original container with the label visible.

Note: Europe uses 220V and 2-pin adapters. Inspect your chargers and power cords (cell phones, cameras, electric shavers, laptops, e-readers, etc.) to determine specific electrical current requirements to ensure their safe operation aboard the ship.

DISEMBARKATION

Official disembarkation may begin as early as 7:00 a.m. on Thursday, July 31, 2025. You may disembark later, provided you have vacated your stateroom by 9:00 a.m., with all disembarking guests off the ship no later than 10:00 p.m.

Reception

The ship's reception desk is open 24 hours a day. Should you need assistance, stop by anytime or call from your stateroom by dialing 9. Please note that during the night, our Night Receptionist may be absent for short periods due to the ship's hourly safety checks.

Onboard Language

The official language on board is English. All crew and local guides speak English, and all announcements will be in English.

Smoking

The ship enjoys a non-smoking environment (including e-cigarettes) in all indoor public areas and staterooms. Additionally, smoking is only allowed in designated areas of the Top Deck. When smoking on the Top Deck, please use the ashtrays provided to discard the cigarette butts, and do not throw them overboard. Every stateroom and area onboard has an automatic heat and smoke detector. Violating this rule may result in early disembarkation from the journey.

Ship Schedule

The ship departs promptly from each port according to its cruising schedule. Official boarding cards that act as authorization to reboard the vessel and contain essential contact information for the ship are handed out before every excursion in exchange for your key card. They will be collected upon return, and your keycard will be returned. The vessel cannot delay departure for guests who may not be on board. Unless you are on a shore excursion accompanied by a Transcend Cruises guide, it is your responsibility to make your way to rejoin the ship at a subsequent stop. Without limitation, Transcend Cruises is not liable for any costs incurred if you miss the ship's departure.

Recommended Gratuities

Gratuities to expert guides and drivers are included in your program cost. However, shipboard crew gratuities are billed at \$15 per guest per day (\$105 per person total), and will be billed to your onboard account and part of your settlement of your bill before disembarkation.

Transcend Cruises and its affiliates are not responsible for injuries sustained from failing to heed these safety precautions. Carry-on bags, purses, and other bulky items should be safely stowed in the overhead luggage racks or under your seat to keep the aisles clear. Please do not stow heavy items overhead. Take a moment to note all emergency exits, and please be careful whenever entering and exiting the motorcoach.

Water Levels

In the event of fluctuating water levels on specific stretches of the river, it may be necessary to operate part of your planned itinerary by motorcoach or to alter the daily program as determined by the ship’s Captain.

DOCKING LOCATIONS

Some European ports have more than one docking location, so please refer to the Itinerary section for the exact locations. Local river authorities are responsible for allocating docking spaces, and locations may vary depending on the number of ships in port on any given day. Ships typically moor facing upstream, against the current. There may be times when multiple ships are tied together and views from your stateroom are temporarily restricted. These are typical situations that are beyond the control of The Gentleman Docking locations, which may also change without notice.

PASSENGER TICKET CONTRACT
